CREWSIGHT

Labor Management and Access Control

BuildingPoint
OHIO VALLEY

www.buildingpointohiovalley.com

CrewSight™ software combines a jobsite access control system with a worker database for increased site security. Plus, track time and attendance, safety documentation, compliance signatures and a workforce registry. CrewSight™ creates automated reports and streamlines workforce communication with broadcast texts and emails in the office or mobile.

CrewSight™

Trimble®

CrewSight is the leader in site access control, time and attendance data and workforce management

Access Control/Security

- CrewSight helps you enforce access rules to your jobsite
- Reduce equipment theft by securing jobsite
- Allows guards to focus on perimeter and vehicle access
- Link license expirations to access control and limit liability
- Provides accurate daily headcount values
- Get notifications of unauthorized entry attempts
- Portable hardware: relocate on project or reuse on new project

Workforce Management/Productivity

- CrewSight records each worker's time on-site for accountability and reporting
- Know real-time who is on each site, including company name, trade affiliation, emergency contact and certifications
- Report labor and subcontractor hours by jobsite
- Validate subcontractor billings with ground-truth data
- Automated reports by email or text
- Worker self-registration at the jobsite or remote at the sub-contractor

Safety/Compliance

- Ensure only those with the necessary documentation can access the site. Examples: Signed NDAs, compliance agreements, health and safety documents, etc.
- Extract workers' emergency contact info in the field via mobile app
- Broadcast text alerts with check-in details during mandatory mass evacuations

Customer service and satisfaction is our number one priority! We provide a range of services to make using our products as easy and straight forward as possible. Our customers know they can get friendly help and advice quickly.

CrewSight CrewLane Turnstile

Secure construction sites with rugged, movable, dependable turnstiles that have built-in intuitive access control technology.
